

Harbourage at Braden River CDD  
Landscape Report  
January 2017

Turf - Turf herbicide applied and fertilizer to be applied Feb.

Shrubs - overall in good health. We will continually remove declining Hawthorne.

Palms - we continually monitor the condition of the Washingtonian palms. No removals in January.

Irrigation - Had some minor issues but overall OK.

Thank you and we look forward to working together to maintain a constantly evolving landscape.
